

Dräger Halbmaske X-Plöre 4740 TPE

page 1 of 1

The robust half mask for highest demands with excellent wearing comfort and first-class seal fit. A wide range of filters against gases, vapors and particles makes it ideal for use in industry and trade. The combination of soft mask body, specially shaped nose area and sturdy plastic housing ensures an exact fit, high sealing fit and almost pressure-free wearing. By simply opening the neck closure, the mask can be removed without having to take off the helmet, for example. When the mask is in the 'ready position', it remains with the inside against the body and is thus protected from contamination. The mask is made of durable, chemical-resistant material and can be worn well under many types of helmets. The EH strap is made of neoprene and is therefore very easy to clean. - The mask is supplied without a filter!

Areas of use

? Atemschutz ? Industrie und Handwerk ? Bei Arbeiten mit Chemie ? Atemschutz gegen Gase, Dämpfe, Staub oder andere Partikel
