

KC-Refresher Fluid

Fumigation liquid

Fumigation liquid for nebulisation in the KC-Refresher. Without the use of ozone, the innovative combination of active ingredients immediately removes unpleasant odours with a long-lasting effect. Nebulisation enables the liquid to be effectively distributed throughout the interior and therefore achieves optimum results even in hard-to-reach places.

Recommendations for use

Always use the device according to the instruction manual! Remove impurities and sources of odour by thoroughly cleaning the device prior to use. For use in a medium-sized vehicle, pour a minimum of 100ml into the KC-Refresher, or a correspondingly larger amount for larger vehicles. Only suitable for use in the KC-Refresher.
